

**ABB**

ABB Motor controls, circuit breakers, pilot devices, disconnect switches, power factor correction capacitors, sensors, soft starts, enclosed control

**AC Tech**

member of the **Lenze Group**  
Drive for Global Excellence

AC Tech Variable frequency drives

**ADALET**

Adalet Explosion Proof and Stainless Steel Enclosures

**ATHENA**

The Temperature Control Company

Athena Controls Temperature controls and hot-runner plastics temperature controls

**BARBER  
COLMAN  
COMPANY**

Barber-Colman Industrial instruments division— temperature and process controls for plastics processing

**ci**

Continental Industries DIN-RAIL mount solid state relays and I/O modules

**CONVECTRONICS**

Convectronics High temperature air heaters

**DUREX  
INDUSTRIES**

Durex Cast-in heaters, tubular heaters and cartridge heaters

**ELSTEIN**

Elstein Ceramic radiant heaters

**entrelec**

Member of ABB Group

Entrelec Terminal blocks, PCB terminals and connectors, power supplies, electronic interface, PLC wiring devices, timers and flashers, monitors, PLCs and remote I/O

**EUROTHERM**

invensys

Eurotherm Temperature and process controls, sensors, power controls, recorders and signal conditioning.

**EXERGEN**

Exergen Non-contact infrared temperature measurement

**fast heat**

Fast Heat Band heaters, cartridge heaters, strip heaters and other industrial process heaters

**Fenwal**

Fenwal Industrial bi-metal thermostats and electronic temperature controls

**GEFRAN**

Gefran Melt pressure transducers and plastics processing controls and sensors

**HEATRON**

Heatron Cartridge and flexible heaters

**Magnecraft**

Struthers-Dunn  
Your Contact for Industrial Relays

Magnecraft Ice cube, general purpose, PCB, mercury and timing relays

**MICRON**

Micron Control power transformers, encapsulated and enclosed, buck/boost transformers

**MOTORTRONICS**

Solid State AC Motor Control

Motortronics Variable frequency drives, solid state motor starters, medium voltage starters, soft starts, electronic brakes and custom motor control products.

**OGDEN**

Ogden Industrial process heaters and temperature controls

**OSI OHIO SEMITRONICS, INC.**

Ohio Semitronics Inc. Watt, voltage and current transducers

**Partlow**

Partlow West Temperature controls, recorders, panel meters and bus-compatible temperature control systems.

**PHASETRONICS**

SCR Power Control Specialists

Phasetronics SCR power controls for loads from 10 to 1000 amps— AC or DC

**PRECISION  
DIGITAL**

Precision Digital Digital panel meters and indicators

**PROCESS  
TECHNOLOGY**

Process Technology/Lufran Teflon coated immersion heaters for the plating industry, metal shell immersion heaters, DI water heaters, liquid level and temperature controls, complete heating systems

**Pyromation**

Quality in Every Degree

Pyromation Thermocouples, RTDs, transmitters, instruments and custom temperature sensor assemblies

**Raytek**

Raytek Infrared, non-contact temperature sensors and hand-held products

**rotronic**

LEADING IN HUMIDITY MEASUREMENT

Rotronic Humidity and temperature sensors

**SCHAEFER'S  
ELECTRICAL ENCLOSURES**

Schaefer's Electrical Enclosures Mild steel, stainless and aluminum UL listed standard and custom electrical enclosures

**SSAC**

SSAC Timers, flashers, current/voltage transducers and monitors

**STAHLIN**

Stahlin Non-Metallic enclosures

**SUNX**

SunX Photo-electric controls

**Tempco**

Tempco Industrial Process Heaters and Temperature Controls

**TIME MARK  
CORPORATION**

Time Mark Corporation Voltage, phase, frequency and current monitors, timers, transformers, pump and liquid level controls

**TORK**

A DIVISION OF NSI INDUSTRIES, LLC

Tork Electrical Timing Controls for Commercial Industrial Applications

**WATLOW**

Watlow Industrial heaters, temperature controls, temperature sensors and solid state power control products

## Why Thermal Devices?

- "Live" People Answer Every Call
- Factory Trained Sales Engineers
- Industry Leading Manufacturers
- Immediate Response to All Quotes
- 50+ Years of Electrical Controls Sales
- Services Offered Include:  
Installation, Calibration & Repair
